São Tomé e Príncipe Democratic Republic it was a Portuguese colony. Many things connect us but chocolate is a tasty one. São Tomé e Príncipe's chocolate is 100% cocoa with bitter taste and coffee aroma. Inspired the unique characteristics of this cocoa these combinations were created, mixing it with spices, wines and Brandy. Made with a minimum of 70% cocoa and feeding our senses with the real chocolate flavor. These were created thinking on clients that prefer the pure and traditional chocolate.
